Dear Sir/Madam,

RE: TEAM BUILDING PACKAGES

Wild Waters would like to help you boost your staff productivity this year with our new and improved **Team Building Package**. Our large venue, unique facilities and trained staff provide the perfect getaway for a fun-filled, stress-relieving corporate day out.

By working closely with you, we can help you plan a day with activities on **land and water** which will keep your teams on their toes, improve morale and ensure you have the edge on your competitors.

Our Team Building activities are designed for **high-impact learning** and geared towards fostering **unity**, **improving leadership** and complements **corporate motivational programmes**.

Through a guided process, we ensure your staff reflect on their work experiences and develop new strategies to overcome common work-related barriers. Our reflective process ensures that your staff internalise these new strategies and apply them in the workplace thus adding to the productivity of the company and its ability to deal with an ever-changing external environment.

We have large portfolio of past clients including EABL, Pwani Oil, and KWFT, to name a few, and thus, we are confident that we can deliver a successful Team Building event for your organisation.
